

## Fume Eliminator

Portable source capture directly on welding torch

The Fume Eliminator is designed to be carried to the working area. Connected to a welding torch or to an extraction nozzle, the FE unit extracts the fume directly at source. FE 840 has a manual start/stop function while the FE 841 has an automatic start/stop function, which starts the unit as soon as the welding begins. Suitable for extraction of fume from maintenance welding applications.

- Portable and easy to carry
- Low service costs
- Manual or automatic start/stop function
- User friendly

Product name	Fume Eliminator
Noise level (dB(A))	73
Filter efficiency (%)	99,7
Installation	Indoor
Material	Sheet metal
Filter cleaning method	One way filter
Working pressure (kPa)	22
Max Airflow (m3/h)	150
Hose Diameter (mm)	44
Hose length (m)	2.5
No of phases	1
Filter type	Cartridge
Number of filter elements	1
Filter material	Cellulose
Weight (kg)	16
Power (kW)	1

## Fume Eliminator
