

Hose Reel 876

Welding reel designed for maximum safety in oxygen and acetylene welding applications

The Hose Reel 876 represents the ultimate solution for oxygen & acetylene or oxygen & LPG welding in terms of safety, durability and easy handling.

- Well ventilated, single layer hose feed and storage - highest safety and easy handling without tangles.
- Open design for easy servicing
- Four-way roller guides prevent hose wear.
- Flexible - Easy to install on wall, floor or ceiling.
- Compliant with EU directives.

Product name	Hose Reel 876
Connection hose length (m)	1
Max working pressure (Mpa)	2
